

Our “Essential Questions”

As a village, how can Uptown’s schools better serve all our students, families, & communities from childcare through college/career/success?

If we know “it takes a village to raise a child”, how will we build an empowering & inspiring educational village with a Pre-k to college /career/success pathway for all Uptown students?

4:30 - 5:30pm

Uptown’s Children & Families Deserve the Strongest Educational Village Possible!

- **A village** of local schools where all school members are invited to build Uptown’s educational vision together!
- **A village** to learn from each other’s best practices in areas of strengths, culturally relevant learning, restorative practices, student voice, family engagement, school culture, local connections, & more!
- **A village** that inspires greater student & educator engagement in local learning, especially with Uptown having such inspiring histories, & it reflects significant real world topics to study & act upon!

Uptown’s
