FILM SCREENING EVENT

COOKED

SURVIVAL BY ZIP CODE

7 PM, DOORS OPEN 6 PM

Join us to see the award winning film Cooked: Survival By Zip Code to commemorate the 30th anniversary of the Chicago 1995 Heat Wave after which we will hear testimonials from those who lost loved ones, neighbors & co-workers and discuss:

What are the lessons learned from the Chicago 1995 Heat Wave?

Is your family, community, school, church/mosque and co-workers prepared for heat waves, floods, tornadoes, extreme cold and other climate emergencies?

Do you know someone who lives or works outside or inside where there is no AC or who cannot afford AC?

Preparedness is a communal and workplace team activity. Join us to hear what you and those you live and work with can do to prepare to survive.
